<p>Pittsburgh Post-Gazette 24 Apr 1913, Thu - Page 11</p> <p><b>Secretary McCulough Gets Pitchers from Richmond. May Sign A. A. Men.</b></p> <p>That the Federal League is going out in the market to get ball players whether they belong to clubs within the fold of organized baseball or are free agents is shown by the activity of Secretary McCulough of the Pittsburgh Club in negotiating for material. Pitcher Ashenfelter of the Indianapolis Club is being dickered with and so is Catcher Schmidt, of Indianapolis, the former Detroit backstop. Pitchers Turner and Rhoads of the Richmond club of the Virginia State League have jumped their contracts and will report here today. Pitcher Buck Ramsey of the Anderson, N. C., club is to report today.</p>	<p>Richmond Times-Dispatch 13 Apr 1913, Sun - Page 7</p> <p>Which, cruel as it may appear, compels us to fill this space anyway. Fortunately, a very important person arrived and officially registered his name in the blue book of Richmond baseball. This person is Mr. Tick <b>Turner</b>, who, at various and sundry times, has been known as a <b>pitcher</b> of baseball in many parts of the country. Last season, and the season before that, he was a member of the St. Thomas team in the Canadian League, and the season before that he was in the Eastern Carolina Association, which brings him closer to home. The team as it leaves here has fifteen men and the line up for the first game will probably be: Prim, c. f.; Clements, l. f.; Hart, 2b.; Richardson, 1b.; Simmons, 3b.; McCormick, r. f.; Wright, ss.; Hobbs or Sherrill, c.; Lathrop, Turner, Muldell, Caprol, Johnson or Beatty, pitch. It is to be noted that Beatty and Lathrop are south paw artists. At Fayetteville it is expected that there will be a welcome to Clemens, who played on that team and to Danny Hart, who was with Fayetteville last year before he joined the Raleigh club.</p>	<p>The Raleigh Times 23 May 1910, Mon - Page 3</p> <p>ance is expected this afternoon.</p> <p>Turner and Hobbs will probably constitute the battery for Raleigh. Turner is the big fellow Kelly secured from Connie Mack, of the Philadelphia Athletics. He is in great shape for this afternoon and will doubtless give a good account of himself.</p> <p>The game will be called at 4:30 on account of the special train from Raleigh.</p>

## NEW PITCHERS FOR GREEN SOX

Manager Deneau Signed Two Promising Flingers on Saturday.

The Green Sox have been strengthened by the addition of two new pitchers, and if these come up to expectations the Berlin team will be all that could be desired.

With the exception of the pitching staff the team is in excellent shape, and the addition of the two heavier should make the Green Sox just a little better than the rest.

The new men are **Turner**, of Battle Creek and Gibson of Saginaw. They are both big men physically each standing six feet one inch in height, and are said to have lots of stuff on the ball.

Hamilton Spectator—Elliott got the best of the deal with Berlin when he handed back Tracey for Pitcher Turner. Chaucer had to hand over some cash with Tracey, too.

Knotty Lee tried to get Turner from the Green Sox but Manager Deneau said, "Nothing doing." Evidently Rube did not want to see the Kolts get away with anything.

## Victors Knocked Mueller Out of the Box in the Second Inning.

The league leaders dropped a game to St. Thomas yesterday, and the thud could be heard for a long way. The disaster occurred in the first two innings, during which the visitors got to pitcher Mueller for six safe hits and these resulted in six runs. One of these came in the first and five in the second the result of three singles, Gurney's homer and a base on balls. With two down Mueller was removed and Bramble sent in. He pitched excellent ball, and held the visitors to three hits. The only run scored off him during the remainder of the game was a homer by Wiley.

Turner, the ex-Berlin pitcher, was in the box for the Saints and he pitched excellent ball. He was touched up for twelve hits, but they were well scattered, and he was particularly effective with
