The Federal League is the big "outlaw" league that has secured such a firm foothold in a half dozen of the big cities. It is drawing about as well as either of the other major leagues and in some cities better. In Indianapolis, for instance, the Federal league team draws big crowds right</p></div></div>	<div><div>s Col-3. Waring according to the story became peeved in Peoria and went to St. Louis and joined the outlaws, then upon failing to make good with them, returned to Peoria, where he caught last season. Whether Waring will be suspended from organized baseball is not known.</p></div><div>Ted Waring = O'Neill</div></div>

279 Clip—Has Been His Best Year,
He Says.

Harry Waring, home from a suc-
cessful season with the St. Louis
team of the Federal league, has con-
sented to officiate behind the bat for
the Trolley leaguers in their final
contest with Parsons for the pennant
Sunday after next.

Harry caught the majority of the
games for St. Louis and had a fine
year, batting 279. That is some hit-
ting, when you consider the fact that
the Federal league was full of ball
players who had jumped from the
National and American leagues. Of
course you didn't recognize many of
them in the line-up for the reason
that they generally played under as-
sumed names, but the class was there,
just the same.

And the teams drew the crowds
